

## INSTRUCTIONS FOR AUTHORS

### AIMS AND SCOPE

*Pacific Focus* is the official journal of the Center for International Studies, Inha University, Korea, and publishes original papers covering security, political economy, regionalism, environment, migration, civil society, and multiculturalism in the Asia-Pacific region.

### EDITORIAL REVIEW AND ACCEPTANCE

The acceptance criteria for all papers are the quality and originality of the research and its significance to our readership. Except where otherwise stated, manuscripts are peer reviewed by two anonymous reviewers and the Editor. Final acceptance or rejection rests with the Editorial Board, who reserves the right to refuse any material for publication. Submitted manuscripts should be original pieces of work that have not been published in other places or not currently on offer to another publisher.

Manuscripts should be written so that they are intelligible to the professional reader who is not a specialist in the particular field. They should be written in a clear, concise, direct style. Where contributions are judged as acceptable for publication on the basis of content, the Editor and the Publisher reserve the right to modify typescripts to eliminate ambiguity and repetition and improve communication between author and reader. If extensive alterations are required, the manuscript will be returned to the author for revision.

### SUBMISSION OF MANUSCRIPTS

Submissions may be made either via e-mail to [intstudy@inha.ac.kr](mailto:intstudy@inha.ac.kr) or by mailing a total of three hard copies of a manuscript along with a disk to the Editor-in-Chief.

**Abbreviations.** In general, terms should not be abbreviated unless they are used repeatedly and the abbreviation is helpful to the reader. Initially use the word in full, followed by the abbreviation in parentheses. Thereafter use the abbreviation only.

**Figures.** The Journal does not accept color figures. Figures should be submitted in black and white only.

### PARTS OF THE MANUSCRIPT

Submitted manuscripts should not exceed 40 pages (or approximately 11,000 words) including footnotes. They must be typewritten, double-spaced, with 12 point font and in a Microsoft Word file. Footnotes should be placed together at the end of the manuscript. The style of the text and footnotes must conform to *The Chicago Manual of Style* (see
